

Eco!Craft® & EcoBrite™

ToGo! Grease Resistant  
Clamshell Containers

PACKAGING  
**BURROWS**  
A NOVOLEX BRAND

## ToGo! Grease Resistant Clamshell Containers

The Eco-Flute® line of containers were designed for a wide variety of foods, perfect for Convenience Store, Grocery, Concession and Catering applications. The Eco-Flute® technology resists grease and retains heat while articulated vents aid in balancing moisture to maintain food integrity and the correct level of crispness. The middle layer uses 100% recycled post-consumer content providing a sturdy, lightweight package while being better for the environment. An optional window allows the contents to be displayed and checked without requiring the container to be opened.

The EcoCraft® line provides a natural look while the EcoBrite™ line provides white contrast to showcase your range of foods and applications.

*Two great options to meet your clamshell needs!*

## The Advantages of Eco-Flute® Clamshells

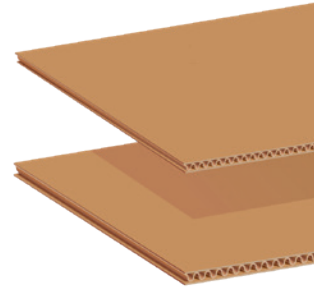

### PERFORMANCE FEATURES

- Sturdy - superior rigidity and crush strength
- Insulated – corrugate layer helps to keep hot food hot and cold food cold
- Food Integrity - lightweight F and E flute material allows for moisture vapor transmission and resists grease to keep foods fresh and crisp
- Steam Release – multiple articulated vents on sides and/or back allows customers to select the right level of venting for each food item, prevents soggy take out
- Visibility - window options are great for “grab n go” foods and order accuracy identification
- Ease of Use – simple to load with secure locking lids
- The medium material of Eco-Flute® is 100% post-consumer recycled content (PCR), making the total package a minimum of 33% PCR

**Eco-Flute®**

F flute

E flute

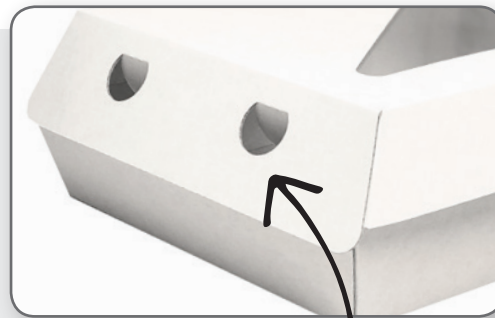

## Additional Features

*MULTIPLE VENTS!*

*Closed*

*Vents provide flexibility in allowing the ability to select the right amount of venting needed*
