# Poly and Paper Mailers

## FORM FILL AND SEAL APPLICATION TO INDIVIDUAL POUCHES

Novolex™ offers a choice of multi-layer paper or poly mailers in individual pouches or rollstock form (poly only). In try-it-before-you-buy-it retail applications, a poly or paper mailer is included in the subscription shipment to return retail items that are not wanted.

**NEW**

### Variety of Sizes Available

Multi-layer paper structure with custom printing available.

### Variety of Sizes and Colors Available

3 layer film with color for security in one or both layers. Six color print available.

# Inner Packaging Options

## PROTECTIVE E-FLUTE INSERTS AND PAPER SOLUTIONS

Novolex™ can customize innerpack structures for our boxes or yours! Based on the level of protection or separation needed for your products, we can create a custom solution.

### Rolls of Paper

- Protective cushioning
- Shipping void fill
- Interleaving
- Overwrap
- Kraft or White

### Novo-Dry™ Desiccant Sheets

Novo-Dry™ is a new, patented desiccant that delivers higher performance than current desiccants on the market today. Available with your logo, pre-printed or step and repeat patterns.

### Heavyweight to Lightweight Sheets for Product Protection

- Natural Chipboard
- Sure Stack
- Linerboard 42# / 58# / 69#
- Cushion Wrap
- Single and Multi-layer Sheets
