

# SCOTT® 24 Hour Sanitizing Spray

## Your Best Solution. Hands Down.

### Kills 99.9% of Bacteria for 24 Hours\*\* ... Even After Multiple Touches

Most surface disinfectants work for the moment. But germs can quickly be reintroduced just by touching and handling the surface again. New SCOTT® 24 Hour Sanitizing Spray kills 99.9% of bacteria for up to 24 hours\*\* – even after multiple touches.

- Eliminates 99.9% of cold and flu viruses and Norovirus
- Kills a broad spectrum of bacteria, viruses and fungi
- Patent-pending formulation is durable enough to withstand continuous touches, even on high contact areas
- Protects from germs between each daily cleaning
- Cuts through common grease, dirt and grime
- Not harmful to most surfaces
- Bleach-free with no rinsing required
- Light, fresh fragrance
- EPA registration number 9402-14

US Code	Description	Size	Qty/ Case	Color
36700	SCOTT® 24 Hour Sanitizing Spray	32 fl. oz.	9	Clear

<sup>1</sup>**To Sanitize/Deodorize:** To sanitize hard, non-porous, non-food contact surfaces, spray 6-8 inches from surface until thoroughly wet. Let stand for 15 seconds. Wipe dry. No rinsing required. Remove heavy soil prior to sanitization. Kills 99.9% of Staphylococcus aureus, Community Associated Methicillin Resistant Staphylococcus aureus (CA-MRSA) and Enterobacter aerogenes.

<sup>2</sup>**To Disinfect:** To disinfect hard, non-porous surfaces, spray 6-8 inches from surface until thoroughly wet. Let stand for 5 minutes. Wipe dry. No rinsing required. Remove heavy soil prior to disinfection. To disinfect †Norovirus, let stand for 6 minutes. Kills Pseudomonas aeruginosa, Salmonella enterica and Staphylococcus aureus, †Respiratory Syncytial Virus, †Coronavirus, †Influenza A Virus (H1N1), Escherichia coli O157:H7, Klebsiella pneumoniae, Community Associated Methicillin Resistant Staphylococcus aureus (CA-MRSA) and Trichophyton mentagrophytes [Athlete's Foot Fungus] in 5 minutes.

<sup>3</sup>**Soft Surface [Fabric] Sanitizer:** To control bacteria on soft surfaces. Always test a small inconspicuous area before use. Spray a light even coating on fabric until wet. DO NOT SATURATE. Fabric must remain wet for 30 seconds. Let air dry. Kills 99.9% of Staphylococcus aureus and Enterobacter aerogenes.

<sup>4</sup>**Residual Self-Sanitizing:** To sanitize for 24 hours against Staphylococcus aureus, Enterobacter aerogenes, and Community-Associated Methicillin Resistant Staphylococcus aureus (CA-MRSA) on hard, non-porous surfaces. Spray 6-8 inches from surface until thoroughly wet. Let stand for 5 minutes. Wipe dry. No rinsing required.

- This product can be removed with soap and water. Repeat residual self-sanitizing directions to maintain 24 hour sanitization.
- Use of this product on a floor or flooring surface is not recommended and may cause a slipping hazard.
- This product contains Hydrogen Peroxide, which may cause temporary skin whitening after prolonged contact. Wash hands with soap and water.
- This product will not harm surfaces including acrylic, ceramic, painted surfaces, stainless steel and vinyl.
