

## Disposable Slate Serving Plate

Designed For The Occasion<sup>®</sup>

# Superior Natural Style

Skillfully etched to resemble real slate, the **Slate Serving Plate** offers operators a high-end, artisanal presentation at nearly a fraction of the cost of traditional slate. With superior versatility, the lightweight and conveniently disposable design makes Sabert's Slate Serving Plate the natural choice for a variety of different food applications.

- **Innovative:** Etched from PP to replicate real slate at a fraction of the cost.
- **Performance:** Lightweight and recyclable construction makes prep, transit and service quick and easy
- **Creative:** Food-safe and hand-washable surface can accept chalk to offer a customized presentation
- **Versatile:** Fitness applications includes platter, plate, charger or flight.
