It's as easy as one, two, three – connect the bottle or jar with the right size connector (Industry standard openings – 63mm, 89mm or 110mm) and then connect to the 63mm WideMouth™ SaferFood Solutions™ squeeze dispenser, place in base and let the Pour-N-Save™ Transfer System do the work.

SaferFood Solutions™ Pour-N-Save™ Transfer System

Tablecraft has developed the ultimate food transfer solution to help reduce costly food waste and increase the productivity of your workforce. Until now the remaining 10 to 15% of food was a challenge to recover from the bottoms of jars. Struggling with long handled spatulas, awkwardly cutting the sides of jars or simply tossing the jar away along with the remaining food seemed to be the only options. But now the SaferFood Solutions™ Pour-N-Save™ Transfer System is available. Each piece is NSF certified and dishwasher safe.

The SaferFood Solutions™ Pour-N-Save™ Transfer System is available in industry standard size openings that connect to the SaferFood Solutions™ 63mm WideMouth™ squeeze dispensers.

SaferFood Solutions™ Connectors

Available in each. Packed in polybag with header card, includes four each.
