THE NEW GOURMET CLASSICS

RE-ENGINEERED AND RIGHT-SIZED

The all-new-redesigned Gourmet Classics are available in 6," 7½," and 9" footprints-deep and shallow versions in capacities ranging from 14-40oz. Single-piece bowl and hinged lid simplifies ordering, inventory and handling in your operation.

DURABLE & RECYCLABLE

Won't break or pop open, if dropped. Durable in cold or freezing temps (to 20°F). No leaks in the car on the way home. Made of recyclable  PET, preferred for recycling.

CONSUMER-FRIENDLY TEAR-AWAY LID

Customers can tear-off the perforated hinged lid and place it under the base where it interlocks in place. Textured offsetting tabs on base and lid make it easy to open.

STACKABLE

The new Gourmet Classics have a positive stack feature, making 3-high stacking easy during staging, in display cases, or in the takeout bag.

NO LID CONDENSATION!

Unlike competitive containers, Gourmet Classics will not fog up in cold temperatures. Integral anti-fog technology provides for excellent merchandising and better order accuracy. Tuxedo black decagonal bowls, with crystal clear lids, keep your customer's gaze on your culinary items. Ideal for grab-n-go cold display cases.

VALUE DELIVERED

Anti-fogging, tear-away lids. Easy to open and close. Durable and recyclable  PET. Stackable. Despite all these rich features, the new Gourmet Classics are surprisingly affordable.
