Changing The Way People Look At Bakery Packaging

Apollo Lace Doilies

Why be ordinary when you can be extraordinary with Novacart's revolutionary design; doily & cake board combination! This lightweight cardboard doily with a moisture-proof gold polypropylene overlay will enhance the presentation of your cakes, pastries and cookies. The center area of the doily has an anti-slip embossing to reduce the risk of product movement during handling. The bottom of the doily is laminated to a second piece of cardboard to enhance its rigidity. The bottom surface of this second cardboard piece is coated with a moisture-proof clear polypropylene to facilitate wiping. Custom embossing with your own logo is available for an extra touch of class.

Round

Item No.	Inside Diameter	Outside Diameter
